

Assessment 2: Direct Observation

Assessment Name	Prepare, plan, and deliver training to an individual learner
Assessment task number	2
Description of assessment task	For this assessment task, you will prepare for, plan and conduct a 30-minute training session demonstrating a work skill of your choice to (1) one learner . You will then complete a learner record and collect feedback from the learner and reflect on this feedback.
Simulated or Workplace	Workplace or simulated environment

Conditions of assessment

Time allowed	30 minutes
Assessment location	Workplace or simulated environment
Individual or group work	Individual
Student resources required	Computer and internet access, any props, PPE, or equipment to conduct training.
Resources supplied TAFE	Assessment task requirements Virtual RTO – http://www.virtualrto.edu.au
Resources supplied by workplace	TBC
Resources supplied by student	Laptop or device to access assessment task
Context and the conditions of assessment	Learner must conduct the assessments in accordance with the assessment conditions listed in the unit of competency. These describe the conditions for gathering evidence.

Submission instructions

What to submit	Please see the Submission Evidence
How to submit work	Via your TAFE's LMS (Learning Management System) e.g. Moodle
How to present the work	Typed completed responses to each question outlined in the assessment criteria
How many assessment attempts are permitted	3
Level of assistance permitted	NIL

Assessment Instructions Overview

For this assessment task, you will prepare for, plan and conduct a 30-minute training session demonstrating a work skill of your choice to (1) one learner. You will then complete a learner record and collect feedback from the learner and reflect on this feedback.

This task is in 6 parts

2.1 Plan your session

- Choose a work skill you are confident in.
- Prepare a **Work Skill Instruction Pre-Training Plan**, and **WHS Risk Assessment**.
- Organise any materials or equipment you will need.

2.2 Create a task breakdown

- Break down the skill into clear, teachable steps.
- Identify what the learner needs to know and do at each stage.
- Use this breakdown to guide your session delivery.

2.3 Develop your session plan

- Create a structured plan for your 30-minute training session.
- Include timing, activities, resources, and assessment methods.
- Make sure your plan supports learner understanding and safety.

2.4 Prepare for training session

- Write a professional email using the inviting your learner to attend your training session.
- Send the email before the session date.
- Save a copy or screenshot of the sent email.

2.5 Deliver your session

- Conduct a thorough WHS Risk Analysis of the learning environment
- Teach the skill clearly and safely.
- Make sure your learner understands and can follow your instructions.
- Use inclusive and respectful communication.

2.6 After the training session

- Complete a **Learner Attendance Record**.
- Ask your learner to complete a **Feedback Form**.
- Email your supervisor (information provided)
- Reflect on your session using the **Self-Assessment Questionnaire**.

Assessment Instructions

2.1 Plan your session

Complete a **Pre-Training Plan Template** for the training session you are going to deliver in this Assessment Task 2.5.

Instructions:

- a) Select a work skill you are going to train. It may be a technical skill or a generic skill. Your assessor will provide you with some suggestions; you should select a skill within the area, industry, or sector you plan to train in once completed this course.

Some examples of suitable skills are :

Hospitality: *Setting tables correctly /Serving food and drinks in a professional manner/ Understanding menu items and being able to explain them/ Operating coffee machines or bar equipment*

Construction: *Using hand tools(hammers, saws, or screwdrivers /Operating power tools safely (e.g., drills, grinders/ Handling and moving building materials*

Early Childhood: *Setting up a playroom or completing file notes*

Hair and Beauty: *Performing a basic manicure or shampooing a client at the basin*

Community Services and Health: *Completing an Individual Care Plan or Using a hoist to transfer a client from bed to a chair*

- b) Access the **Work Skill Instruction Pre-Training Plan template (PTP)** located on the Virtual RTO site (<http://www.virtualrto.edu.au>)
- c) Complete the **Work Skill Instruction Pre-Training Plan template (PTP)** with all the information required to plan for you delivery Note: all fields in the template must be completed

Pre-Training Plan Template

Work Skill Instruction Pre-Training Plan Template	
Name: <i>your details TAE student</i>	AYHAN
Date: <i>date template was prepared</i>	19/08/2026

1. Work Skill Description

Description of work skill to be trained <i>Brief description of the work skill instruction to be delivered. Make sure you identify the method of instruction and any practice that the learner will complete.</i>	The instruction will cover the practical administrative skill of organizing an email inbox by creating custom folders and setting up automated rules in Microsoft Outlook. The method of instruction will be a face-to-face, step-by-step demonstration followed by guided, hands-on practice. The learner will complete a practical exercise by creating a rule on their own laptop to automatically route specific incoming emails to a designated folder.
--	--

2. Learner Needs Assessment

Learner/s: <i>First name only or initials can be used to ensure privacy if required</i>	Ryan
a. Prior experience <i>Does the learner have any prior experience relevant to the skill you are instructing?</i>	The learner uses email daily for general communication but has no prior experience utilizing Outlook's automated rules, often feeling overwhelmed by a cluttered inbox.
b. What style of instruction does the learner prefer? <i>Are they an auditory learner, visual learner, practical/hands-on learner?</i>	The learner prefers a visual and practical/hands-on style of instruction, learning best by following along on their own screen rather than reading software manuals.
c. Does the learner have any concerns related to the use of equipment relevant for this instruction? <i>Do they understand what they will be required to practice/demonstrate?</i>	The learner is comfortable using a laptop but needs clear, step-by-step guidance on navigating the Outlook ribbon and locating the specific 'Rules' menu.

d. Does the learner have any specific needs related to completing this work skill instruction and the related tasks? <i>Consider any LLN requirements or physical conditions that may need to be considered</i>	Digital literacy and LLN support are required to demystify software terminology (e.g., "conditions," "actions," "exceptions"). A quick-reference visual guide will be provided.
Any other relevant information related to learner characteristics or needs? <i>Use this to consider anything else that you need to know prior to planning the training</i>	The learner will use their personal laptop. It is essential to ensure they are connected to the Box Hill Institute Wi-Fi and that their Outlook application is synced before the session starts.
Explain the method you used to gather the above information about your learner/s <i>How did you collate the information about you learner/s? was there a PTR? did you send out correspondence?</i>	Information was gathered through an informal chat in the office regarding their daily email struggles and a quick email exchange to confirm their preferred learning style.

3. Organisational requirements for training

Outline the organisational requirements you have considered and complied with in relation to this training session. <i>You should consider policies /procedures WHS, anything specific to your industry and thee training environment</i>	Compliance with Box Hill Institute campus WHS policies, ensuring laptop power cables do not create a trip hazard in Room 123. Ensuring the training room is returned to its original state after the 30-minute session.
Outline the legislative/regulatory requirements you have considered in relation to this training session. <i>For example, Privacy, WHS, RTO compliance if applicable, codes of conduct, record keeping</i>	WHS Act: Providing a safe physical environment. Privacy Act: Keeping the learner's personal details, emails visible during the session, and feedback confidential. Standards for RTOs 2015: Ensuring accurate training and attendance records are kept.

4. Training methods and resources

Adult learning principles <i>Explain how you will apply these to this training session, taking into consideration the characteristics, needs, and expectations of your learner/already identified</i>	Relevance: Explaining how this skill will immediately save them time every day and reduce workplace stress. Active Participation: Having them configure the rules on their own laptop rather than just watching a demonstration.
--	--

	Immediate Feedback: Sending a test email during the session to instantly prove that the rule works.	
Training/Learning Resources <i>List all the training resources you will require for the session and why you have selected them -for example PPT, handouts,</i>	Resources required	Why selected
	Step-by-Step Visual Handout	Selected to provide LLN and digital literacy support. It reduces cognitive load by giving the learner a quick visual reference for menu locations so they don't have to memorize the interface.
Equipment requirements <i>List the physical resources/equipment you will be using. For example – power tools / craft materials /computer programs (will differ depending on industry and skill being taught)</i>	Learner's personal laptop with Microsoft Outlook installed. Trainer's laptop for demonstration. Reliable Wi-Fi internet connection.	

2.2 Create a task breakdown

- a) Using the template below create your task break down of the skill you will deliver as part of your session.
- b) **Complete Skills Task Breakdown**
 - In this section, break down the skill into smaller tasks or steps.
 - Describe each step clearly so your learner can understand what to do.
 - Include any tools, materials, or safety considerations needed for each step.

Task Breakdown

SKILL or ACTIVITY <i>Clearly name the skill being taught</i>	Creating custom folders and automated email rules in Microsoft Outlook.	
OUTCOME <i>Clearly define what the result should be (e.g., "prepare and serve a coffee," "install a circuit," "conduct a training session").</i>	The learner will successfully create a new folder and set up an automated rule in Outlook to route specific incoming emails (e.g., from a specific sender) directly into that designated folder.	
STEPS <i>Write down the b steps needed to complete the task from start to finish. (e.g., Fill kettle, boil water, add coffee, pour water, stir) Ensure each step is manageable and focused on a single action or outcome.</i>	KEY POINTS <i>For each step, describe how to do it and what tools or materials are needed. (e.g., "Use kettle to boil 250ml of water") Add as many key points as required for each step </i>	
1	Open Microsoft Outlook	Locate and open the Microsoft Outlook desktop application. Ensure the inbox is fully synced and up to date.
2	Create a new destination folder	Right-click on the 'Inbox' in the left-hand navigation pane, select 'New Folder', and type a name for it (e.g., "Training Updates"). Press Enter.
3	Select a sample email	Find an existing email in the inbox that you want to apply the rule to (e.g., an email from the Trainer). Click on it once to select it.
4	Open the Rules menu	Navigate to the 'Home' tab on the top ribbon. Click on the 'Rules' icon, then select 'Create Rule...' from the dropdown menu.
5	Set the Condition (The Trigger)	In the Create Rule dialog box, check the box next to "From [Sender Name]" to define whose emails will trigger this rule.

6	Set the Action (The Result)	In the same dialog box, check the box next to "Move the item to folder". A new window will immediately pop up.
7	Select the destination folder	Choose the newly created "Training Updates" folder from the list and click 'OK'. Then click 'OK' again on the main Create Rule window.
8	Run the rule and verify	A success prompt will appear. Check the box "Run this rule now on messages already in the current folder" and click 'OK'. Open the new folder to verify the emails have moved successfully.

2.3 Develop your session plan

Complete the remainder of the **Work Skill Instruction Session Plan template** to prepare for your 30-minute training session. This plan will help you organise your session and ensure your learner receives clear, safe, and effective instruction. Complete all sections of the template

Session Plan Template

1. Train a work skill

Session title:	Microsoft Outlook Rules and Folder Management
Trainer's name:	Ayhan Simsek
Date:	22/08/2026
Location:	Box Hill Institute
Duration: <i>How long will the training session take? Note: MUST be no less than 30 minutes</i>	30 minutes

2. Content

Outline the learning content you will be covering in this session. <i>You may use dot points. Ensure you provide sufficient details in terms the skill, its future relevance for your student, why it needs to be learnt.</i>	Navigating the Outlook interface to locate folder creation and rule management tools. Creating custom folders for specific senders, projects, or topics. Setting up automated email rules by defining 'Conditions' (e.g., sender name) and 'Actions' (e.g., move to folder). Future relevance: This is a highly transferable administrative skill that drastically boosts productivity, reduces the chance of missing important
---	--

	emails, and is applicable in almost any corporate environment using Microsoft Office. Why it needs to be learnt: To empower the learner to manage a high volume of emails independently, reducing workplace stress and inbox clutter.
Learning Objective/s <i>By the end of this session, learners will be able to: provide a clear objective/outcome</i>	By the end of this session, the learner will be able to successfully create a custom destination folder and set up an automated rule in Microsoft Outlook to route specific incoming emails directly into that folder.
Resources <i>What are the resources and how did you contextualise them for your session</i>	Step-by-Step Visual Handout: Contextualised as a quick-reference guide featuring screenshots of the Outlook ribbon. This supports LLN needs by visually directing the learner to specific icons, removing the pressure of memorizing software menus.

3. Logistics

Delivery Method <i>How will you train the skill? face to face, online, blended, on-site, in a classroom and why is this the method chosen for the skill?</i>	Face-to-face, one-on-one practical workshop. This method is chosen because software training requires hands-on practice. Sitting side-by-side allows the trainer to immediately observe screen navigation and correct any misclicks before the learner gets confused.
Materials, aids, and other resources <i>Explain what kind of visual aid you will use including equipment and technology needed. Explain how any other materials or resources will be used if there are any.</i> <i>Note: This should be in line with your delivery method identified above</i>	The learner's personal laptop (with Microsoft Outlook installed and synced), the trainer's laptop, and reliable internet access. A printed 'Step-by-Step Visual Handout' will be provided as an aid.
Learning Environment <i>Explain how the room or environment will be set up, including any technology & WHS requirements</i>	Box Hill Institute, Room 123. Setup: The trainer and learner will sit side-by-side at a desk so both screens are visible for easy demonstration and observation. WHS Requirements: Ensure laptop power cables are securely routed under the desk to prevent any trip hazards in the classroom.

4. Timing and Delivery

Duration	Topic	Session Content	Learning/Assessment Activities	Resources	Presentation method
SESSION TITLE: Microsoft Outlook Rules and Folder Management					
INTRODUCTION					
5min	Welcome & Objectives	Welcome learner, complete WHS check (cables). Explain the logic of rules (Condition -> Action). Outline session goals.	Icebreaker discussion on their daily email volume. Review the Visual Handout.	Step-by-Step Visual Handout.	Face-to-face discussion.
BODY					
5mins	Folders & Basic Navigation	Demonstrate how to right-click the Inbox to create a new folder and locate the 'Rules' button on the Home ribbon.	Formative Assessment: Learner creates a folder named "Training Updates" on their own laptop.	Trainer and Learner Laptops.	Demonstration / Guided Practice.

Duration	Topic	Session Content	Learning/Assessment Activities	Resources	Presentation method
10 mins	Creating the Rule	Demonstrate selecting an email, opening the Rules menu, setting the 'Condition' (From: Sender), and setting the 'Action' (Move to folder).	Formative Assessment: Learner selects an email and configures the condition and action settings themselves.	Learner Laptop, Visual Handout.	Coaching / Observation.
5 mins	Testing & Verification	Explain how to run the rule on existing messages. Trainer sends a live test email to prove the automation works.	Formative Assessment: Learner clicks 'Run Rule Now', verifies old emails moved, and watches the new live email route automatically.	Trainer and Learner Laptops.	Observation / Live Testing.
CONCLUSION					

Duration	Topic	Session Content	Learning/Assessment Activities	Resources	Presentation method
5 mins	Summary & Feedback	Congratulate the learner. Recap the Condition -> Action logic. Ask one clarifying question to confirm understanding.	Learner answers the verbal question and completes the required training feedback form.	Learner Feedback Form.	Face-to-face Q&A.

2.4 Prepare for training session

In preparation for the training session, you are required to send an email to your learner. This email will invite them to attend your 30-minute work skill training session.

- a) **Write a professional email**
 - Use a polite and respectful tone.
 - Address the learner by name.
 - Include all important details about the session.
- b) **Include the following information in your email:**
 - **Date** of the training session
 - **Start and end time**
 - **Location** (e.g. workplace, training room, or online link)
 - **Skill being taught**
 - **What the learner needs to bring** (e.g. tools, materials, safety gear)
- c) **Send the email**
 - Use your preferred email platform (e.g. Outlook, Gmail).
 - Make sure the email is sent before the session date.
 - Keep a copy of the email for your records.
- d) **Submit evidence**
 - Save a screenshot or copy of the sent email.
 - Upload it to the LMS or submit it as directed by your Assessor.

Email Template EXAMPLE – change to suit your Learners needs.

Dear [Learner Name],

You are invited to attend a workplace skill training session as part of the requirements for the TAE40122 Certificate IV in Training and Assessment. The details of the session are outlined below.

Training Session Details

- Date: [Insert Date]
- Time: [Insert Start Time] to [Insert Finish Time]
- Location: [Insert Training Room / Workplace / Online Link]
- Skill Being Taught: [Insert Workplace Skill Topic]

Section	Details to Complete
Learner Name	[Insert Learner Name]
Date of Training Session	[Insert Date]
Start Time	[Insert Start Time]
Finish Time	[Insert Finish Time]
Location	[Insert Workplace / Training Room / Online Link]
Skill Being Taught	[Insert Skill Topic]
Items Learner Must Bring	[Insert tools, PPE, notebook, laptop, materials etc.]

The session will run for approximately 30 minutes and will involve practical activities related to the workplace skill being demonstrated. Please arrive a few minutes early to ensure the session can

commence on time.

If you have any questions or require support to participate in the session, please contact me prior to the training date.

Thank you and I look forward to your participation.

Kind regards,

[Your Full Name]

[Your Position/Role]

[Your Contact Details]

2.5 Deliver your session

Before your learner arrives, you must complete a WHS Risk Assessment of the learning environment. This helps ensure the space is safe and suitable for training.

- a) Complete the WHS Risk Assessment template below
 - Download the **WHS Risk Assessment template**.
- b) Inspect the training environment
 - Check for any hazards (e.g. trip risks, poor lighting, unsafe equipment).
 - Consider physical, environmental, and behavioural risks.
- c) Complete the template thoroughly
 - Identify each risk clearly.
 - Describe how you will control or reduce each risk.
 - Use full sentences and clear language.
- d) d) Submit your completed WHS Risk Assessment
 - Upload it to the LMS or submit it as directed by your Assessor.

Work Health and Safety Risk Assessment Template

Training session details:

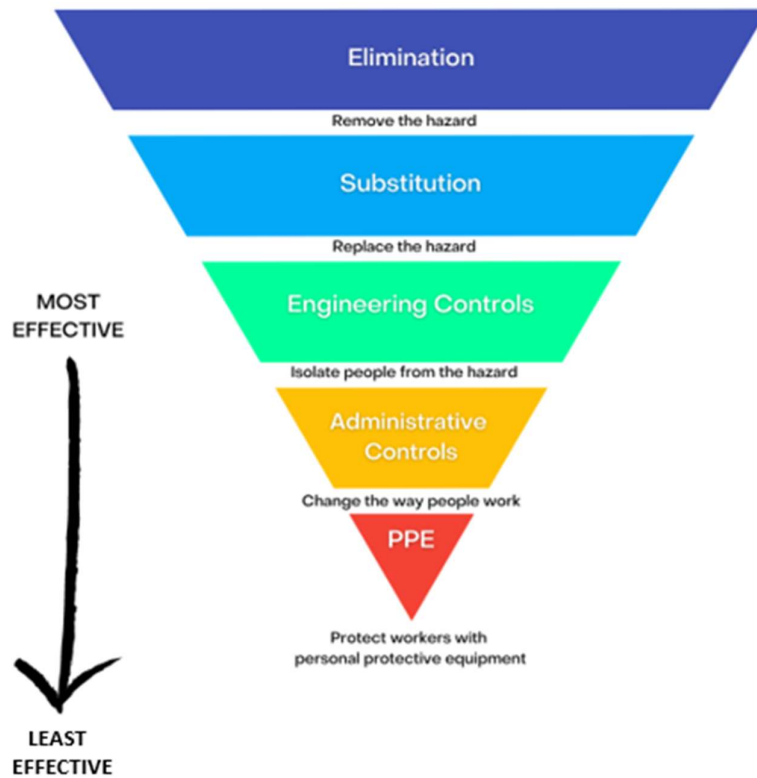

Location:	Box Hill
Date completed:	22/08/2026
Completed by:	Ayhan Simsek

Hazard	Potential risk	Risk rating (Refer to the Risk Matrix below)	Mitigation method (Refer to the Hierarchy of Controls below – and explain)	Completed (Mark once completed)
Trailing laptop power cables on the floor	Learner or trainer could trip over the cables, leading to physical injury (sprains/bruises) or damage to the laptops.	Medium	Administrative Controls - Route all power cables under the desks and securely plug them into the nearest wall socket, keeping walkways completely clear.	☒
Open liquid containers (e.g., coffee cups) near laptops	Liquids spilling onto laptops could cause an electrical short circuit, risk of mild electrocution, or permanent damage to equipment.	High	Elimination - Instruct the learner at the start of the session that all open drinks must be kept on a separate table away from the electronic devices.	☒

Hazard	Potential risk	Risk rating (Refer to the Risk Matrix below)	Mitigation method (Refer to the Hierarchy of Controls below – and explain)	Completed (Mark once completed)
Poor ergonomic seating posture	Slouching over the laptop for 30 minutes can cause neck, shoulder, or back strain, and eye fatigue.	Low	Administrative Controls - Ensure the learner adjusts their chair height before the session begins so the laptop screen is at a comfortable viewing angle.	☒
				☐
				☐

RISK MATRIX		CONSEQUENCE				
		Insignificant	Minor	Moderate	Major	Catastrophic
		No injuries or minor issue / discomfort without treatment	Minor injuries, first aid treatment	Medical treatments / some lost time	Long term injury or serious illness, hospitalisation	Fatality or multiple life-threatening injuries
LIKELIHOOD	Almost certain Expected to occur in most circumstances	Medium	High	High	Extreme	Extreme
	Likely Will probably occur in most circumstances	Medium	Medium	High	Extreme	Extreme
	Possible Should occur sometimes	Low	Medium	Medium	High	Extreme
	Unlikely Could occur sometimes	Low	Low	Medium	High	High
	Rare May occur in exceptional circumstances	Low	Low	Low	Medium	High

HIERARCHY OF CONTROLS

Deliver

It's time to deliver your training session:

You are now ready to present your 30-minute work skill training session to your learner.

e) Follow your session plan

- Use the **Work Skill Instruction Session Plan** you completed in 1.3
- Follow the timing, structure, and steps you planned.

f) Record your session (if applicable)

- Make sure your learner knows the session will be recorded.
- Ask for their consent before you begin
- Use a phone, camera, or computer to record the full session.

g) Assessor observation

- Your Assessor will watch the recording and complete an **Observation Report**.
- You can review the **Observation Report template** in the appendix of your assessment guide.

h) Submit your recording

- Upload your video recording as part of your assessment.
- Copy and paste the link to your video in the space provided below:

2.6 After the training session

After delivering your training session, you must complete the following steps to finalise your assessment.

a) Learner Feedback Form

- Ask each of your learner/s to complete the **Feedback Form** below, at the end of your training session.
- Once completed, collect the form from your learner/s.
- Submit the form as part of your assessment evidence.

Section 5: Additional feedback

1. What did you find most beneficial about the session?

The session was generally very good. The handout provided a great step-by-step structure, starting from vocabulary and moving into grammar.

2. What improvements would you suggest for the session?

There are two specific areas for improvement:

1. **Pre-Training Communication:** The email invitation I received lacked a specific date (it just said "tomorrow") and didn't specify AM/PM for the 1:15 - 1:45 time slot. Also, the information was grouped in a single block of text. Using a clear template with bullet points would make it look much more professional.
2. **Handout Proofreading:** There was a minor typo in the provided handout where an extra word was mistakenly included in one of the questions. A quick proofread before printing would easily solve this.

3. Any additional comments or feedback?

Overall, it was a solid session and he demonstrated great knowledge of the subject matter.

How easy was it to provide your feedback today?

- a. Easy
- b. Difficult

Thank you for taking the time to complete the survey.

Your feedback is greatly appreciated!

b) Learner Attendance Record

- Complete the **Learner Attendance Record** to confirm your learner attended the session.
- Include:
 - Learner's full name
 - Date and time of the session
 - Signature or confirmation of attendance
- Submit this record with your other assessment documents.

Learner attendance record

c) Email received from Shirley [REDACTED] 3:47pm

Welcome on board! I trust you found everything you need with access to our training records, templates, policies, and procedures.

When the training is finished, can you please email Abdul and Hien (I am not sure who is rostered on now). They work in Training Administration and are undertaking Traineeships. I want them to be guided by all our educators and our systems.

Have you read our records management policy? In your email, let Abdul and Hien know what documentation you are sending through, what category it is and how you recommend they store them. It is difficult getting access to our server now. IT is working on it. In the meantime, explain the details around document storage to the team and they will make sure your completed forms are all safe for you.

Email following Shirley's instructions

- Your Manager, **Shirley**, has provided instructions on how to handle training records and related documentation.
- Please read Shirley's email carefully.
- Respond to Shirley by sending a **return email** using the approved **email template**.
- Make sure your email includes:
 - Confirmation that the training session was completed
 - Attached or referenced training records
 - Any other documentation required by your organisation

Training Completion Email Template

To: Shirley

Subject: Completed Training Session and Submission of Training Records

Dear Shirley,

I am writing to confirm that the training session for **Microsoft Outlook Rules and Folder Management** was completed on **22 / 08 / 2026**.

The session was conducted from **10:00 AM** to **10:30 AM** at: **Box Hill Institute**

Please find attached or referenced the following training records and documentation:

- x Attendance record
- x Training checklist
- x Session notes/materials
- x Assessment records
- x Learner feedback forms

As per the records management policy, please ask Abdul and Hien to ensure these attached documents (Category: Training Records) are stored securely. Due to the current server access issues, these electronic files should be stored on the temporary server behind password protection. If they are printed, they must be filed immediately in a lockable filing cabinet to comply with RTO privacy and confidentiality requirements.

Please let me know if any further information or documentation is required.

Kind regards,

Ayhan Simsek

Trainer / Assessor

d) Self-Assessment and Reflection Questionnaire

- Complete the **Self-Assessment and Reflection Continuous Improvement Plan** while your session is still fresh in your mind.
- Use full sentences and reflect honestly on:
 - What went well
 - What could be improved
 - How you felt during the session
 - What you learned from the experience

Self-assessment, reflection AND Continuous Improvement plan

After you have completed your training session, and while it is still fresh in your mind, please take some time to reflect and undertake a self-assessment of your performance in preparing, planning and delivering the training.

Start listing the continuous improvements required for this unit in the plan at the end of the document.

Preparation

Did you accurately identify the learning needs of your target audience? Explain how you know whether you did or did not. You may like to use examples.

Yes, I accurately identified the learning needs through an informal pre-training chat. The learner expressed frustration with inbox clutter. Providing a "Top 20 Rules" handout and a visual step-by-step guide effectively met their need for practical, immediate solutions, which was confirmed by their feedback stating the session provided a "real-world skill."

Would you do anything differently next time? And if so, what?

Next time, I would run a brief diagnostic checklist before the session to understand the exact configuration of the learner's software. Specifically, I would ask if they use multiple email accounts within the same Outlook application to avoid any assumptions.

Was there anything you wish you had known about before you planned your session? And if so, what was it, and why would it have been helpful to know?

It would have been helpful to know the exact layout of the learner's Outlook account (e.g., whether they had personal and student emails linked together). Knowing this beforehand would have allowed me to tailor the demonstration more accurately to their specific interface.

Planning

How thorough was your planning process?

The planning process was highly thorough. I developed a clear task breakdown, a structured 30-minute session plan, and context-specific resources (visual guide) that aligned perfectly with adult learning principles.

Did you allocate sufficient time and resources for each phase of the training program?

Yes, the 30-minute timeframe was well-balanced. 5 minutes for introduction and WHS, 15 minutes for the demonstration and active practice, and 10 minutes for testing the rule, answering questions, and gathering feedback.

What challenges did you encounter during the planning stage, and how did you address them?

A challenge was ensuring the software demonstration wouldn't be derailed by interface updates (e.g., New Outlook vs. Classic Outlook). I addressed this by designing the visual handout to focus on core icons and universal pathways (like the 'Home' tab and settings icon) that remain consistent.

Delivery

How effectively did you deliver the training program?

The delivery was highly effective. The learner successfully created a folder and applied an automated rule independently by the end of the session, meeting the core learning objective.

Were you able to maintain learner engagement throughout the session?

Yes, learner engagement was maintained by keeping the session practical. Instead of lecturing, the learner followed along on their own laptop, which kept them actively involved.

How did you ensure that all learners were actively participating and engaged in the training? What techniques worked well, and which did not?

Sitting side-by-side (coaching method) worked exceptionally well. Sending a live test email to trigger the rule in real-time was a great technique that provided immediate positive reinforcement. Assuming they understood the multiple-account dropdown menu did not work well and caused minor confusion.

How did you manage any challenges in maintaining learner engagement?

When the confusion regarding multiple email accounts arose, I paused the demonstration, directly addressed the question, and guided the learner to focus strictly on their primary student account for the scope of this exercise.

What could you do differently next time?

I will verbally check prior knowledge regarding specific software features (like account dropdowns) before demonstrating them, ensuring I do not assume baseline knowledge outside the core objective.

General

1. What verbal feedback did you receive from learners about the training session? How did they perceive the overall experience?

The learner verbally expressed that the session was highly useful and engaging. The written feedback confirmed this, highlighting that the skill learned will immediately improve their daily professional practice and record-keeping.

2. How will you use this feedback to improve your future training sessions?

I will use the feedback to refine my pre-training assessments. I will ensure I ask specific questions about the learner's existing IT setup to avoid confusing them with features that may not apply to their

situation.

3. What were the key strengths of your training session, and how can you build on these in future sessions?

The key strength was the high relevance of the content and the clear, practical resources provided (visual guide). I will build on this by continuing to create quick-reference cheat sheets for all future software training.

4. What areas need improvement, and what specific actions will you take to address these in your next training preparation, planning and delivery?

The area needing improvement is avoiding assumptions about learner software environments. My specific action will be to include a "Software Environment Check" step in my future planning phase.

TAE40122 Certificate IV in Training and Assessment
Cluster: Work Skill Instructor
Training Completion Email Template

Continuous Improvement plan

Description of Issue	Recommendation	Compliance Risk (High, medium, low)	Person to action	Due date
Assumed the learner had knowledge about managing multiple email accounts within a single Outlook profile, causing minor confusion during the demonstration.	Develop a brief pre-session checklist to confirm the learner's exact software configuration (e.g., number of linked accounts) prior to delivery.	Low	Ayhan Simsek	29/08/2026

Submission Checklist:

- ☐ 1.1 Pre-training Plan
- ☐ 1.2 Work Skill Instruction task breakdown
- ☐ 1.3 Work Skill Instruction Session Plan
- ☐ 1.4 A copy of the email to your learner
- ☐ 1.5a WHS Risk Assessment
- ☐ 1.5b Video of Delivery (if applicable)
- ☐ 1.6a Feedback form
- ☐ 1.6b Learner attendance
- ☐ 1.6c Email following Shirley's instructions
- ☐ 1.6d Self-Assessment and Reflection

Product Evidence, Criteria and Benchmarking

Item	Evidence Title and Description	Criteria and Benchmarks	Satisfactory/ Not Yet Satisfactory
1.1	Pre-Training Plan	All sections are fully completed and reflect the needs of the learner cohort. Please ensure you use appropriate language and check your spelling and grammar	☐ S ☐ N-Y-S
1.2	Task skill breakdown	All sections are fully completed and reflect the needs of the learner cohort. Please ensure you use appropriate language and check your spelling and grammar	☐ S ☐ N-Y-S
1.3	Session Plan	All sections are fully completed and reflect the needs of the learner cohort. Please ensure you use appropriate language and check your spelling and grammar	☐ S ☐ N-Y-S
1.4	Email Invitation	Use appropriate (formal) language, free of spelling errors and include all training session details, including date, time, location, duration, purpose and what to bring.	☐ S ☐ N-Y-S
1.5a	WHS Risk Analysis	Risks in the physical learning environment are to be identified and mitigated.	☐ S ☐ N-Y-S

Item	Evidence Title and Description	Criteria and Benchmarks	Satisfactory/ Not Yet Satisfactory
1.5b	Training Session Recording and Assessor Observation Report	The training session must follow your session plan, and you must demonstrate your ability to communicate effectively with your learner, explain, and demonstrate work skills, confirm their understanding, and adapt your technique accordingly. The Assessor Observation Report will be used and submitted in Assessment Task 5.	☐ S ☐ N-Y-S
1.6a	Learner Feedback Forms	Completed feedback forms from each learner	☐ S ☐ N-Y-S
1.6b	Learner Attendance Record	All sections must be fully completed.	☐ S ☐ N-Y-S
1.6c	Email template	Must follow Shirley's instructions and refer to policies and procedural documentation. Needs to be addressed to Hien and/or Abdul advising training completed and highlight that the attached documents are training records and need to be stored as per policy and procedure on the server behind password protection or printed and placed or filed in lockable filing cabinet.	☐ S ☐ N-Y-S
1.6d	Self-Assessment and Reflection Questionnaire	All sections must be completed, and your opinion on how the training session went must be honestly reflected. This will be used and submitted in Assessment Task 5.	☐ S ☐ N-Y-S

Assessment Review

If you believe that you have been assessed unfairly, you have the right to request an informal assessment review. When your assessment cover sheet is returned to you, you can request an informal review by filling in the section below and returning it to your assessor or the Manager of your area. If you are not satisfied with the outcome, you can apply for a formal review of assessment on the application form

I request a review of my assessment for the following reasons:

What did you think the learner did well?			
What area can the learner improve on?			
General feedback:			

Learner Feedback Form

Training session details:

Training title:	Microsoft Outlook Rules and Folder Management
Trainer's name:	Ayhan Simsek
Date:	22.08.26
Learner name: <i>You may choose to provide your first name, initials or leave this field blank.</i>	Ryan [REDACTED]

Thank you for being part of our training session!

Your honest feedback is vital for us to continuously improve and create the best learning experiences. Please take a moment to share your thoughts below.

Please fill out each section and feel free to add comments. Once you have completed it, please return it to your trainer.

Section 1: Session content

1. How did you find the overall session content?

- a. Excellent
- b. Good
- c. Fair
- d. Poor

2. Did the session meet your learning goals?

- a. Exceeded expectations
- b. Met expectations
- c. Partially met expectations
- d. Did not meet expectations

3. How relevant was the content to your professional needs?

- a. Very relevant
- b. Relevant
- c. Somewhat relevant
- d. Not relevant

4. Was the course material (handouts, videos, presentations) clear and useful?

- a. Very clear
- b. Clear
- c. Somewhat clear
- d. Not clear
- e. Not applicable

5. Were the learning objectives clearly defined and met?

- a. Yes, fully
- b. Yes, partially
- c. No

Section 2: Trainer effectiveness

1. How knowledgeable was the trainer?

- a. Excellent
- b. Good
- c. Fair
- d. Poor

2. Did the trainer explain things clearly?

- a. Very effectively
- b. Effectively
- c. Somewhat effectively
- d. Not effectively

3. Did the trainer encourage participation and interaction?

- a. Strongly agree
- b. Agree
- c. Neutral
- d. Disagree

4. How well did the trainer answer questions and clarify doubts?

- a. Excellent
- b. Good
- c. Fair
- d. Poor

Section 3: Session delivery

1. How would you rate the organisation of the session?

- a. Excellent
- b. Good
- c. Fair
- d. Poor

2. Was the pace of the session appropriate?

- a. Too fast
- b. Just right
- c. Too slow

3. Was the learning environment conducive to your learning?

- a. Yes, fully
- b. Yes, partially
- c. No

Section 4: Learning outcomes

1. How confident are you in applying what you've learned?

- a. Very confident
- b. Confident
- c. Somewhat confident
- d. Not confident

2. Did this session enhance your skills and knowledge?

- a. Significantly
- b. Moderately
- c. Slightly
- d. Not at all

3. Would you recommend this session to others?

- a. Yes
- b. Maybe
- c. No

If you answered 'No' in question 3, please explain why.

Section 5: Additional feedback

1. What did you find most beneficial about the session?

This session provided me with areal-world skill that I intend to incorporate into my daily professional practice. It should greatly help me to improve my record keeping.

2. What improvements would you suggest for the session?

There was just a bit of confusion when you assumed that I might have multiple email accounts connected in the one Outlook menu. Perhaps next time check to see whether users already know about this function.

3. Any additional comments or feedback?

Overall an engaging and highly useful session that taught me a new skill I can definitely apply.

How easy was it to provide your feedback today?

- a. Easy
- b. Difficult

Thank you for taking the time to complete the survey.

Your feedback is greatly appreciated!

What did you think the learner did well?		• Ayhan, you delivered another effective session and demonstrated growing confidence in your facilitation skills. • The session plan and learning resources were well prepared and supported the learning effectively. • Clear, step by step slides and screenshots showing how to perform the skill • Your demonstrations were clear and provided the learner with a useful model of the required skill. • Good eye contact, body language, voice pace and intonation • You maintained a safe learning environment and kept the learner engaged while providing suitable challenges to extend their skills. • Your questioning also helped check the learner's understanding.	
What area can the learner improve on?		• Consider your strengths, weaknesses, what worked, what didn't in your self-reflections and decide what changes you will make to your plans, resources and facilitation techniques in the final session of this Unit. • Remember you will have two learners – this could provide opportunities to include role plays or other social learning for the learners, you don't just have to "teach the same thing twice"	
General feedback:		• Another good session in which you put your facilitation skills to good effect - well done!
